

The Finnish Association of the Deaf

THE CENTAUR-PROJECT

2006-2008

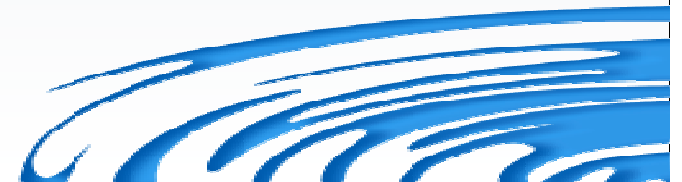

mikko.palo@kl-deaf.fi

When the project ends

- Sign language users of different ages will have the basic knowledge and skills needed to operate in the information society
- Extranet will have become established as a means for everyday communication
- Local deaf clubs will have homepages and the knowhow needed for their maintenance

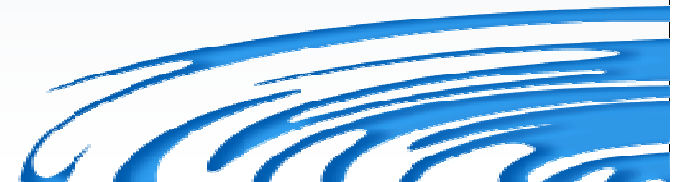

FAD / The Centaur-project

GOAL: Skill to operate in information society (individual, local deaf club)

- Peer training:
 - Trainer training (2006)
 - 12 persons
